

Tee Nuts Increased Holding Power for Wood Applications.

Tee Nuts are often used in furniture builds, cabinet builds, and light framing of wood storage compartments. Earnest Machine stocks Carbon Steel Tee Nuts in sizes ranging from 1/4" to 3/8" in diameter and offers multiple barrel heights for various thicknesses of wood. The 3-prong style provides easier installation in hardwoods while the 4-prong style provides higher holding power in softwoods.

PRODUCT ATTRIBUTES

3- and 4-prong Tee Nuts available
Diameters range from 1/4" to 3/8"
Barrel heights range from 5/16" to 5/8"
Available in RoHS compliant Zinc Clear Trivalent

MARKETS FOR TEE NUTS

Cabinets
Furniture
